9. LEGAL PRESCRIPTIONS FOR SCHOOL ADMISSION POLICIES

The SASA at Section 5(3) determines that no learner may be refused admission to a public school on the grounds that:

- The learner is admitted to the total programme and will not be suspended from class, denied access to cultural, sporting or social activities of the school, denied a school report or transfer certificates or otherwise victimized on the grounds that his/her parent (s) are unable or has not paid the required school fees. does not subscribe to the mission statement of the school and does not subscribe to the code of conduct of the school
- has refused to enter into a contract in terms of which the parent waives any claim for damages arising from the education of the learner.

Compulsory School-going age

In terms of SASA Section 3(1), school attendance is compulsory for all learners from the first school day of the year the learner reaches the age of seven years until the last school day of the year in which the learner reaches the age of fifteen or the ninth grade, whichever comes first. Children are not compelled to attend school until the year in which they turn 7 years old.

Under-age learners who are younger than the admission age stipulated in SASA Section 5(4)(a), may be admitted to a public school only in terms of SASA Section 5(4)(b); which stipulates that subject to the availability of suitable school places and other educational resources, the Head of Department may admit a learner who

- is under the age, contemplated in Section 5(4)(a), if good cause is shown; and who
- complies with the criteria that the Minister may, by regulation, prescribe for the admission to a public school of a learner at an age lower than the admission age.

Section 5(5)(d) states "For the purpose of Section 5(4)(b)(i), 'good cause is shown' means that:

- it can be shown that exceptional circumstances exist which necessitate the admission of an underage learner, because admission would be in his or her best interest; and
- the refusal to admit that learner would be severely detrimental to his or her development".

Over-age learners:

The age of the Applicant learner who is two years above the statistical age norm per grade (which is the grade number plus 6), will only be accepted in exceptional circumstances. In terms of par 30 of the National Admission Policy, learners who are in the school system, but who have become over-age because of repeating grades, may not be refused continued education at a school, but, when transferring from one school to another, may be admitted only with the approval of the circuit team manager. The prescripts and procedures are described in Circular 240/2003.

Parental responsibility:

In terms of SASA Section 3(6), every parent must ensure that a child for whom the parent is responsible, attends a school from the first school day of the year in which such a learner turns seven, until the last school day of the year in which the learner reaches the age of 15 years or the ninth grade, whichever occurs first.

Special educational needs learners:

SASA Section 12(4) provides that, where it is reasonably practicable, learners with special educational needs should be admitted to ordinary public schools with relevant educational support.

Admissions of undocumented South African or foreign learners

- Clause 15 of the National Policy applies to South African children who do not have official birth certificate. This policy makes the admission of South African children to public schools conditional upon the production of a birth certificate within three months, failing which. The child of the defaulting parent will be excluded from enrolment.
- Therefore children not in possession of official identification documents must not be refused admission solely on the basis that the parent/guardian cannot provide proof of birth in South Africa or a foreign country.
- If the parent/ guardian does not have any of the following required documentation, the learner must be enrolled at a school provided that the parent/ guardian submits a sworn written affidavit which confirms the learners details, the parent details and date of birth. This is applicable to learners without;
 - South African birth certificate/ identity document
 - Foreign passport
 - Asylum seeker permit
 - Refugee permit
 - Study permit
- Principals can enroll learners without the above documents, but must, however, inform parents of their obligation to apply for the necessary documents at the Department of Home Affairs.
- Principals must also inform the parent that section 31 of the Births and Deaths Registration Act, 1992 (Act 51 of 1992), makes it an offence to make false statements or cause a false statement to be made about the age of a child.

10. ADMINISTRATIVE PROCEDURES FOR ADMISSION OF LEARNERS

Information to parents. When a parent or learner applies for admission to a school, the school shall make the following information available to all applicants:

- The school's admission policy
- The school's learner code of conduct
- The School Language Policy
- The school fees payable – including all hidden or additional fees
- The exemption from payment of school fees dates and times for collection.

11. SCHOOL FEE INFORMATION

Parent(s) or learners must be fully informed about the school fee policy of the school at the time of application. Dates as agreed the previous year for the collection and processing of exemption forms will be made available in the year planner.

Parents who cannot meet the fee requirements must be informed of the payment options and of the procedures for fee exemptions as per the Regulations for the exemption of parents from payment of school fees, promulgated in terms of the SASA Section 39(4), (as amended) in Government Gazettes 29311 and 29392 of 2006, and the new exemption table as contained in WCED Circular 0001/2007. These regulations came into effect on 1 January 2007.

Parents must also be informed of the period of time within which such applications must be submitted and the right to appeal to the Head of Department against the decision of the SGB on exemption from payment of school fees. Schools must assist parents with these processes.

The proposed compulsory school fee payment must include all additional fees for books, stationery or any other fees required for school activities during the year, as well as the financial formula stipulated in the regulations contained in the Government Gazette 29311 of 2006 for the exemption of parents who are unable to pay the fees. Such exemptions could be either automatic, total, partial or conditional. Where a school has been declared a 'No-fee school' in terms of Section 39(7) of the SASA, no compulsory school fees may be levied.

12. LANGUAGE

The language of teaching and learning is English. We offer Afrikaans as a First Additional Language. All communication from the school is done in English, this includes reports, meetings, newsletters, assemblies and any other forms of communication.

13. PROCEDURES AND SANCTION

Application documents are screened for eligibility by the admission officer.

Fraudulent documents received will be reported to SAPS and the application for placement will be deemed unsuccessful.

When an application for admission is successful; parents will be notified via sms and must respond in writing by the stipulated deadline, indicating whether the learner will take up the place offered and must then complete the required document.

Where an application for admission to SUNRIDGE CIRCLE PRIMARY is refused, the online admission process will inform the parent, the reason for non-admission will be provided.

Right of appeal

In terms of SASA Section 5(9), any learner or parent of a learner who has been refused admission to a public school may appeal to the MEC against the decision.

The SASA defines a school as "a public school or an independent school *which enrolls learners in one or more grades from grade R to grade twelve*".

SUNRIDGE CIRCLE PRIMARY – ADMISSION POLICY

Principals must inform parents and learners of their right to appeal against the decision of the school. When parents are not satisfied with a decision with regard to admission, they may appeal to the MEC, in writing, against the decision of the district director and/or the school.

DECISION MAKING AUTHORITY

Final admission of the Applicant learner of the school is determined on the criteria as set out herein and at the discretion of the Principal and Governing Body.
